Dear Sir's/Ma'am,

I would like to formally request a criminal perjury investigation be opened against Berkeley County Clerk John Small.

In a Respondent's Answer (enclosed), dated Jan 27, 2009 filed with the Berkeley County Court, in reference to Case # 09C918, Item 3 states that "That he denies that he is claiming the marriage was a "same sex marriage".

This is a blatant, wanton act of perjury on John Small's part. Mr Small made the proclamation that "he wouldn't change our marriage license because West Virginia doesn't recognize gay marriage" in a room with at least a dozen witnesses including a Berkeley County Deputy Sheriff stationed 10 feet away from the County Clerks Office on April 17, 2009.

If investigators interview the County Employees present and working, Citizens conducting business and Deputy Sheriff stationed at the County Clerks Office on April 17, 2009 a criminal case for perjury by an elected official can easily be made.

My spouse and I will submit a sworn affidavits of the events in the County Clerks Office on April 17, 2009 upon request. We will gladly cooperate and testify in any criminal investigation or legal proceedings in this matter.

Please feel free to contact me on this matter if you can be of assistance or require any further information. Elected public officials who commit perjury belong in jail not in public office.
